

History

Guests should feel history envelope them as they enter Grey Rock today - much remains as it was designed in 1949. Guests enter on the "bedroom" floor and descend the wide, curving staircase to the "living" area, now the dining rooms. As when Mrs. Morris designed her home, those who sit with their backs to the lake can still enjoy the wonderful view in the mirror on the north wall. Mr. Morris' built-in bookcases are still in place as well. Our staff endeavor to duplicate the Morris' generous hospitality.
