# INFORMATION

## EVENSONG SPA LABYRINTH RITUAL

Your spa visit starts with the Evensong Labyrinth Ritual. This self-guided walk will prepare your mind before your spa treatments. At its most basic level, the labyrinth is a metaphor for the journey to the center of your deepest self and back out into the world with a broadened understanding of who you are.

Most people take about 15 minutes to complete the entire journey. The ritual concludes with quiet rest in the relaxation room, where you will be greeted by a spa therapist.

## SPA HEALTHY CUISINE

The stunningly furnished Spa Café includes 12-foot windows overlooking the beautiful Tuscumbia Country Club. Choose from a healthy variety of entrées created by our executive chef. Pre-orders are encouraged and may be made at the time of reservation. If ordering upon arrival, please allow 30 minutes for fresh preparation.

## HEALTH CONCERNS

Please let us know when you schedule your appointment if you are pregnant, have allergies (including shellfish), have recently been injured or have health concerns so we can advise you of the best choice of spa treatments.

Expectant mothers in their first trimester may not receive any massages without a doctor's note provided at the time of service. Treatments with heat are not advisable for pregnant women or guests with heart conditions or high blood pressure. Body treatments are not advisable for pregnant women or guests who have difficulty lying flat or turning over on the treatment table.

If you have a cold or flu, we recommend you reschedule your spa treatments since massage of any kind, including massage in our body treatments and facials, increases circulation and the release of toxins. This combined with an immune system that is already overtaxed could increase negative symptoms.
