ABOUT THE ARTIST-IN-RESIDENCE PROGRAM:

At The Pfister Hotel, we pride ourselves on being a world-class destination for travelers and a quintessential Milwaukee landmark. Woven throughout the cultural fiber of our hotel is a long-standing passion for the arts.

Along with our expansive Victorian art collection – the largest of its kind of any hotel in the world – we’re proud to continue our immensely successful Artist-in-Residence program, which has been recognized locally, nationally and internationally for its unique contribution to arts in Milwaukee.

The Pfister Hotel’s Artist-in-Residence program features a working art studio and gallery on the lobby level of Milwaukee’s oldest and most prestigious hotel. The studio is open to hotel guests and the public, and encourages visitors to interact with the artist, while watching the evolution of each piece of work firsthand.

The Pfister is now entering the twelfth year of the program, which runs from April 1, 2020 – March 31, 2021. The program serves as an extension of the hotel with the artist working hand-in-hand

with hotel staff, including The Pfister Narrator, to both promote the program and provide a distinctly unique experience for guests and visitors. Artists also participate in the four Gallery Nights during their residency, along with a number of other events that occur throughout the year.

The Pfister Artist-in-Residence receives a \$2,000 monthly stipend, complimentary meals at Café at The Pfister, and a \$500 monthly house spend account for entertaining new and potential buyers.

This residency is a one-of-a-kind opportunity to be on the forefront of Milwaukee’s art community with a historic and revered hotel. Additionally, as a final chapter, each Artist-in-Residence creates a legacy piece for permanent display in the hotel, contributing to the significant art history of The Pfister.
